Hi Simon

Thanks for your question. You are right. I am sorry for the confusion. Yalcin Tekin will need the role Z_CONTROLLING_SHOW_REPORTS instead.

Thank you!

Susanne

Good Morning Susanne

Is the role "Z_CONTROLLING_CREATE_NEW_REPORTS" which you have requested for Yalcin Tekin in the user request form from 10.05.2015 the correct role? Usually we do not grant this access to local business users.

New reports have to be requested via the change management process.

Thank you in advance.

Regards

Simon
